Mr. Bob Richardson
City of Corvallis

Our family owns the residential property at 2855 NW Johnson Street, which is abutting immediately south of Mike & Suzanne Middleton's home on NW 29th Street in Corvallis. Our family has owned the home for nearly three years and our children live in the house while attending school.

Mike and Suzanne have shared their expansion plans with us and explained the scope of the work and impact to the property. We fully support their efforts to improve their home and encourage you to approve their plans at the upcoming hearing with the Historic Preservation Advisory Board.

The architectural design will match the existing character, have a positive impact on the visual appearance of their home and improve our view of the property.

Thank you,
Curt & Janice McLeod
Ron & Annette Tatone
