Mike:

Right now Enoteca be ready for inspection tomorrow morning as planned. I may be there, but would you mind placing a call to Mark Matzler tomorrow when you plan to inspect so he can be there. His number is 602-4444. Mark has been the one to install the fence and is also a part owner of Enoteca. (I'll be getting a family member set up with hospice in their home tomorrow, so may not be there when you can do the inspection).

Per your requirements, please consider this e-mail as Enoteca's official letter notifying the City that we will begin sidewalk cafe operations immediately upon passage of fence installation inspection.

Thanks -

Catherine Mater
Part Owner - Enoteca Wine Bar

Subject: Re: Sidewalk Café application

Thanks Michael: Attached is a scanned site plan for Enoteca. Actually, the entryway was already shown on the site plan sheet we initially submitted. I have pulled out dimensions for ease of review. This may not have scanned as well as I would have liked so - verbally: entry width is 5' 3"; entry depth is 7' 6"; entry door is 3' 4".

We'll get the new wording to the insurance carrier and back to you.

Let me know if we need to do anything more, and thanks so much for your quick review!

Catherine
