Date of application:	3/7/2006
Expiration date:	4/22/2012

Project Description:

Excavation and grading/erosion prevention and sediment control for extension of Kings Blvd.

Our records indicate that the above permit was due to expire on 4/22/2012. Permits may expire and become null and void 180-days after the date of issuance, or if there is no inspection activity within a 180-day period. If the permit expires, a new permit is required for the remaining scope of work.

Please call the inspection line (541-766-6745) prior to 07/22/13 to schedule the required inspections to avoid further action.

If work has ceased on this project for reasons beyond the control of the applicant, permits may be extended one time for a period not to exceed 180-days. For consideration of this one-time extension, please submit a written request and provide an explanation of the circumstances and a date when work will recommence.

If you have questions, feel free to contact me at my office email or phone (listed below).
