

STREET ADDRESSING MEETING

September 6, 2001

ATTENDING: Vicki Druliner, Joe Kasper, Michael Kinkade, Neil Hall, Jim Mitchell, Mary Steckel, Lee March, Bob Botner

General Overview of Addressing Issues

Vicki briefly described the activities that the Addressing Committee have been working on the past few months. Mostly these are operational items, working through addressing requests for new subdivisions, developing procedures, etc. Additionally there have been larger ongoing issues that have been identified that involve other departments or agencies. These tend to be concerns related to common data base needs and problems.
