Subject: Livability code

Dear Mayor and City Council members,

I own three rental properties in Corvallis and have reviewed the proposed "livability code." I feel it will represent a positive step for Corvallis. I've talked to other landlords who (as I) feel the regulations are reasonable and well thought out and not overly restrictive. I think any "responsible" landlord will welcome this code and not be overly burdened by its provisions. I would encourage you to approve it. Stanley Nudelman (sole member of S. Nudelman Rentals, LLC.)
