Next Scheduled Meeting

Tuesday, January 5, 2016 at 2:00 pm
Madison Avenue Meeting Room, 500 SW Madison Avenue

TO: Human Services Committee for November 17, 2015
FROM: Karen Emery, Parks and Recreation Director *KE*
DATE: October 30, 2015
THROUGH: Mark W. Shepard, P.E., City Manager *MWS*
SUBJECT: Municipal Code Alcohol Beverages in Parks or Facilities
Section 5.01.110.010

Action Requested:

Staff recommends Human Services Committee (HSC) recommend City Council adopt the attached Ordinance which will amend Municipal Code Section 5.01.110.010 to discontinue designating specific parks and facilities for alcohol consumption.

Discussion:

Staff discussed this Municipal Code section with the Parks, Natural Areas and Recreation Advisory Board (PNARAB) at their October 15, 2015 meeting. Section 2.5.01.110.010 designates in which parks and facilities alcohol can be consumed. In addition to designated parks, the City has historically allowed consumption of alcohol in non-designated parks and facilities through a review and permitting process. Because alcohol can be permitted in non-designated parks and facilities, having designated parks and facilities is no longer serving a useful purpose.

PNARAB discussed the policy and moved to recommend to City Council to discontinue designating specific parks and facilities for alcohol consumption.

A permit system would remain in place and approval or disapproval would be at the Department Director level. The Department Director would continue utilizing the rules and regulations currently in place.

Budget Impact:

There is no budget impact.

TO: Human Services Committee for November 17, 2015
 FROM: Karen Emery, Parks and Recreation Department Director *DAE*
 DATE: October 30, 2015

 SUBJECT: Municipal Code Alcohol Beverages in Parks or Facilities
 5.01.110.020, 5.01.110.030, and 5.01.110.040

Action Requested:

Staff recommends Human Services Committee (HSC) recommend City Council adopt the attached Ordinance which will amend Municipal Code Section 5.01.110.020, 5.01.110.030, and 5.01.110.040.

Discussion:

5.01.110.020

This section pertains to permitting alcohol consumption and requiring liquor liability insurance for events that are selling or serving alcohol.

Staff discussed this Municipal Code section with PNARAB at their October 15, 2015 meeting. PNARAB agreed that those who are selling or serving alcohol should continue to provide liquor liability insurance. They discussed whether the City should require general liability insurance of all renters who have a permit to consume alcohol. Liquor liability is included in general liability insurance if alcohol is not being sold. Members inquired if staff has had any complaints, law suits, or issues in the past. They discussed the increased cost to the renter and that this additional cost might cause some users from renting facilities in the future. The additional cost could range between \$75-\$150 per event.

PNARAB advised Parks and Recreation staff to include an alcohol liability waiver as part of the permit. Additionally, they recommended that staff provide information regarding liability insurance at the time of issuing permits as an option to purchase.

After consulting with the City Attorney and City Risk Manager, staff recommend that the City require general liability insurance for people requesting a permit to consume alcohol, but are not selling alcohol. For those renters who are selling alcohol, liquor liability insurance in an amount at least equal to the liability limits of the Oregon Tort Claims Act, naming City as co-insured, would continue to be required. Additionally, the City Attorney concurred that the City should develop a waiver in addition to the insurance requirement.

In summary, the changes to Municipal Code 5.01.110.020 are:

1. Minor housekeeping changes, including renumbering of Sections;
2. Require general liability insurance of all renters consuming alcohol; and
3. Remove language referencing *a large number of underage persons will not be in attendance at the event*. The language is ambiguous and difficult to enforce.

5.01.110.030

1. Included minor housekeeping changes

5.01.110.040

1. Removed.

Budget Impact:

The City currently requires liquor insurance for renters who serve or sell alcohol. There are generally 8 to 10 permits issued annually. Examples include the Environmental Center's summer concerts, Fall Festival, Red, White and Blues Festival, and the Corvallis Imagination, Music and Arts Faire.

If City Council changes the municipal code to require liquor insurance of all renters who have alcohol at their rental, there may be a reduction in renters due to the added cost of insurance. It's difficult to project a budget impact as we don't know how many renters will no longer rent City facilities. The impact would be to the Parks and Recreation General Fund budget.

FY 14-15 there were 297 renters who had an alcohol permit, 8 of which were required to provide insurance. The majority of the renters rent for one 4 hour block, split fairly evenly between 1-5pm and 6-10pm. Examples of types of events include church services, weddings, family reunions, Oregon State University department events, and retirement parties.

The rental revenue of the 289 renters who were not required to have liquor insurance was approximately \$24,995 and \$3,500 for the permit fee. The projected budget impact if all renters discontinued is \$28,500, if 50% discontinued \$14,250 and if 25% discontinued \$7,125. The cost of liquor insurance for these types of one day events is approximately \$75 to \$150 depending on the size of event. In summary, an event currently costs \$77 and with the insurance cost would be approximately \$152 to \$227. The alcohol permit fee is an additional \$12.

SUBJECT: Council Policy #4.06 Review, Library Displays, Exhibits and Bulletin Boards

Action Requested:

Staff recommends Council approve this policy update.

Discussion:

There are no changes recommended in the policy itself. The only changes are reformatting to fit the new policy template and numbering system.

The Library Board reviewed this policy at their November 4, 2015 meeting and recommended no changes except for reformatting. The policy has worked well for governing displays and postings at the Library.

Budget Impact:

None.

Scope: This Policy shall apply to all users at the Corvallis-Benton County Public Library except the Library, Friends of the Library, and the Library Foundation.

- b. The Library reserves the right to establish certain bulletin boards and display areas for certain purposes. - c. Acceptance of material for display does not imply approval or disapproval by the Library of the ideas or opinions expressed. The Library does not assume responsibility or liability for materials exhibited in Library facilities. The Library will post signs with a disclaimer stating that the Library does not endorse any goods or services, makes no representation as to the accuracy of information, and assumes no liability for the quality or safety of any goods or services which may be the subject of postings or displays.

All bulletin board postings shall be dated. The Library reserves the right to establish reasonable time limits of no more than 30 days for any announcement, poster, display, or exhibit and to remove postings because of time and space considerations.

Action Requested:

Staff recommends Council amend City Council Policy 4.03 Senior Citizens' Center Operational Policies as submitted.

Discussion:

The majority of the changes in the Policy are housekeeping in nature. They include updating current terms, improving clarity to the Policy and referencing the patron behavior expectations.

Patron behavior expectations are a guideline referenced in City Council Policy 4.16 Code of Conduct for Patrons at Parks and Recreation Facilities. Policy section 4.16.030, 14. states that the City Manager may develop patron behavior expectations for the following Parks and Recreation Facilities and programs for the safe operation and use of the facility and programs:

- Senior Center
- Osborn Aquatic Center
- Recreation programs

Patron behavior expectations have been developed specific to the Senior Center and a reference has been included in the Senior Citizens' Center Operational Policies as shown in the attached document.

 SUBJECT: Council Policy 4.04 Park Utility Donations

Action Requested:

Staff recommends the Human Services Committee (HSC) recommend to Council to amend Council Policy 4.04 Park Utility Donations as submitted. The recommendation is housekeeping in nature.

Discussion:

This policy establishes guidelines governing the solicitation and expenditure of funds donated through the rate payers' utility bill for park improvements and support of the Youth Parks Corps (YPC) Program. The Parks and Recreation Department continues to use funds generated through utility bill donations to support the YPC program.

The YPC has been in existence for 23 years and trains youth from 14-16 years of age in basic job skills. Their work encompasses the wide array of field work inherent in any park system including: landscaping, event clean-up, painting, trail maintenance, and other activities as needed. The FY 15-16 program employed 20 youth who worked 1,280 crew hours completing park and trail improvements. A list of projects accomplished this past summer is attached.

Park Utility Donation Revenue

FY 12-13	\$2,912
FY 13-14	\$2,708
FY 14-15	\$2,791
FY 15-16 YTD	\$690

The annual cost of the program is approximately \$22,000, including materials and labor. The Benton County Foundation provided grant funding for many years, however, staff hasn't been successful in the recent past. Staff continues to seek other funding support.

Budget Impact:

No budget impact.
