Advisory Boards

The City has canceled non-essential Advisory Board meetings during the COVID-19 pandemic, and Mayor Traber is deferring any new appointments. A list of current advisory board vacancies is [available here](#). Please note Council formed an [ad hoc committee](#) to provide recommendations about restructuring advisory boards. On October 15, they are providing an online community presentation with more information about the recommendations. A video will be available from the ad hoc committee website. The Council expects to decide on advisory board changes by the end of 2020.
